2m x 1m Banner Template

If Using PHOTOSHOP:
FLATTEN BEFORE SAVING
150dpi
save as PDF/x-1a:2001
This ensures that layers do not overprint

I Have checked the following:

1. Page size is 2000mm x 1000mm
2. My design will be uploaded as C.Y.M.K. in PDF format
3. No spot or pantone colours are included in the design
4. All fonts have been converted to curves / outlines
5. There are no crop marks or bleed
6. There is a 20mm margin between text and edge of page
7. My PDF file does not exceed 30mb and is of 150dpi
   (For files exceeding 30mb please contact us for a special upload)
8. Colour matching can only be done if i provide Signmart with a hard copy swatch

Please delete this and the above text
on this page as acknowledgement
of accepting the above terms and replace
with your design.
